Abirami v
Software Engineer

abiramivaiyapuri17@gmail.com
8610411880

Summary

.NET Full Stack Developer with **3 years of experience** in building scalable web applications using ASP.NET MVC, C#, Web API, and Angular. Proficient in SQL Server, front-end technologies (HTML, CSS, JavaScript), and API testing with Postman. Experienced in Agile/Waterfall methodologies, version control with Git/GitHub, and task tracking using Jira and Confluence.

Work Experience

Role	: Software Engineer
Workspace	: HCL Technologies
Technology	: .Net Fullstack, Angular
Domain	: Finance
Client	:CommonWealth Bank of Australia
Application	: CommSee
Duration	:September 2022 - Present

Roles & Responsibilities:

- Worked as a **.NET Full Stack Developer** on CommSee, a core financial application for client and account management.
- Developed and maintained scalable modules using **ASP.NET MVC, C#, Web API (RESTful services)**, and **Angular** for building dynamic and interactive UI components.
- Proficient in **HTML, CSS, and JavaScript**, ensuring responsive design, cross-browser compatibility, and smooth user experience on the front end.
- **Expert in SQL Server,** with hands-on experience in writing complex queries, stored procedures, and performing database optimization and performance tuning.
- Used **Postman** to test and validate RESTful APIs during development and integration phases.
- Managed source code using **GitHub and Git extensions**, following proper branching, merging, and version control practices.
- Familiar with both **Agile and Waterfall** methodologies, actively contributing to sprint planning, daily stand-ups, retrospectives, and milestone-based delivery.
- Used **Jira** for tracking tasks and progress, and documented project-related details and technical knowledge using **Confluence.**

Certifications

- GenAI
- AWS Cloud
- Full Stack Development
- Data Policies and Securities
- Agile Methodologies
- Secure Coding

Technical Skills

Category	Technologies/Tools
Database	MySQL
Testing	Selenium BDD Cucumber, Unit Testing, NUnit
Frontend Framework	Angular
Web Technologies	HTML, CSS, JavaScript
Methodologies	Agile, Waterfall
Cloud Platforms	AWS, Azure, Google Cloud Platform (GCP)
Version Control	Git, GitHub
Project Management	Jira
Web Development	C#, MVC, Web API, Web Forms, Core Web API, ASP.Net, .NET Core, REST API, Entity Framework

Education

Bachelor of Engineering in ECE   CGPA :87%
Arunai Engineering College   Graduated: 2022
